

First in glutathione research Health Matters. Immunocal® Works*

Glutathione is a powerful antioxidant, often referred to as the “**master antioxidant**” because of its central role in overall health and well-being. As the only patented glutathione precursor supplement, Immunocal® has the **highest biological value of any edible protein**, is all-natural and clinically proven.

Main health benefits

- 1 Strengthens the immune system***
By increasing glutathione production, it can boost your body's defences.
- 2 Detoxifies the body***
Immunocal supports your body's detoxification pathways, so you'll feel rejuvenated with fewer toxins.
- 3 Develops antibodies***
Glutathione helps in the creation of antibodies, which are vital to protect against potential threats.
- 4 Antioxidant defence***
High levels of glutathione help to neutralise free radicals, reducing cell damage and signs of ageing.
- 5 Increases energy levels***
Improved cellular energy leads to increased stamina, endurance and concentration.
- 6 Contributes to mental alertness***
Glutathione is involved in the production of brain energy.
