

Promoting healthy ageing Immunocal Platinum®

Immunocal Platinum offers a comprehensive solution to promote healthier ageing, combining the benefits of Immunocal with two unique components:

- 1.-Cytokine Modulating Peptides (CMP)™:** Support the regulation of the immune response by activating or deactivating inflammation.
- 2.-Redox Modulating Formula (RMF)™:** Helps counteract the body's acidity, strengthens bone health as we age and promotes kidney wellness. With added creatine, RMF protects your muscle mass.
